

IT'S IN THE CARDS

Playing cards is an activity that can be played at any age and with any group. Do you remember who taught you how to play cards? Do you remember playing cards with your grandparents? Teach your mentee how to play a new card game and perhaps one day they will teach others! Learn to play a new card game like "I declare war", "Go Fish", Hearts, Gin Rummy, Memory, Old Maid, etc.

Bring a deck of cards and some printed instructions about how to play various games. After you've played for awhile talk about making a personalized deck of cards as a meaningful, end-of-year gift.
