

Every day is a Holiday!

Encourage you and your mentee to think outside of the norm and make a card for an obscure holiday! Do some research about any upcoming holiday like Arbor Day, or Talk like a Pirate Day, Free Hugs Day, etc. Discuss what kinds of traditions come with each holiday. Discuss the importance of holidays, which ones mean something special to your mentee, and which holidays they may not understand. Then try and make up your own holiday! What would the holiday celebrate? How would you celebrate? What month would the holiday take place and why?

What you need:

- Construction paper (colored or plain)
- Markers, crayons, colored pencils, or paints
- Scissors
- Tape
- Calendar
